

30 Years of Independent Living in South Hampton Roads

The Independence Center (ECI) is celebrating 30 years of advocacy and independent living in Southeastern Virginia. ECI was the original Independent Living Center in Virginia, starting a movement whereby individuals with disabilities were encouraged to forge their own futures, learn from other people with disabilities and advocate for inclusion and equality. Now, there are 15 Independent Living Centers in Virginia.

ECI has helped thousands of people with disabilities move toward independence and become active, involved members of their community through peer mentoring, independent living skills training, countless workshops and advocacy projects.

Show your support for ECI and all Virginians with disabilities by joining us on December 9, 2011. Sponsorship, advertising and exhibit tables are available. More than 300 state and local government representatives, local organizations and advocates will be in attendance. This is a great opportunity for your business or organization to let the disability community know that you believe that Virginia works best when every citizen has a voice and every citizen participates.

*“Nothing About Us
Without Us”*

The Independence Center staff, Board of Directors and participants greatly appreciate the support we have received from the community that has allowed us to serve the disability community over the past three decades. Many individuals with disabilities from all across South Hampton Roads are leading a more productive lifestyle, more integrated into the community.

Individuals with disabilities are achieving personal goals in many areas of life such as self-advocacy, housing, education, transportation, employment and socialization. The community at large has become more accessible and attitudinal barriers are breaking down. With your continued support, we will be able to continue our services to the disability community for decades to come.
